JOSIAH TURNER, Jr., EDITOR.

From the New York Herald.

THE ENGLISH CHANNEL TO BE CROSSED BY RAIL—THE IRON HORSE MADE AN AQUATIC ANIMAL.

Germs of invention fructify quickly in the warm atmosphere of progress that fills our time. Our rapidity of motion, as we rush on "ahead," evolves mental as well as physical caloric, and a tiny acorn of thought, dropped by the wayside, quickly yields us the branching oak of a hundredfold practical application. When some twenty or thirty years ago, canal boats were constructed in sections on our New York and Pennsylvania lines, so that the separate compartments could be caught up bodily, swung to their places on railroad platform cars and whirled away over the Alleghany Mountains, with all the nicely packed freight that they contained entirely undisturbed, very few of even the most enterprising engineers could have conjectured that this plan would, within the lifetime of a generation, be developed into an oceanic service on the same principle. The difference of application in the matter which we are about to mention is that the latter case reverses the system, since it takes up freight cars and conveys them on steam vessels across the seas.

Some time ago we stated the proposition of an English engineer to establish a system of pontoon service across the English Channel to the coast of France. This suggestion has been worked up to a point that has brought it before the British Parliament, where, under the title of "A Bill for International Communication," it has been approved, with certain conditions, by a Parliamentary committee. Those conditions preserve intact all rights of admiralty and such as come under the control of the Department of Public Works. The bill, however, will not have the force of law until after the French government shall have fully adhered to it, nor work be commenced until the capital shall all have been subscribed, with one half of the same paid in. It is known already that Napoleon III. is greatly pleased with the scheme and will favor it in every way. This much having been premised we may briefly state the exact terms of the project which, when carried into perfect execution, will complete the chain of direct transit for packed merchandise between the British Islands and the Italian ports on the Mediterranean, passing through the French and German centres on the way. The same system then applied at those ports—the railroad gauge of track having been modelled in conformity—might, for that matter, send on the identical car that left Glasgow to India, Australia, and after that to America, and so quite around the world.

The project, then, is to establish a pontoon service between Dover, in England, and the port of Andrecelles, near Boulogne, in France, the pontoons to be made somewhat like our ferryboats, so as to be boarded by trains at either end, and large enough to accommodate at one time twenty-four cars, with their locomotive and tender. Each floating platform will measure four hundred and twenty feet in length and have steam propulsion of sixteen hundred horse power. The resources of science and the experience of railroading and shipbuilding will be exhausted in rendering the transit as safe and easy as possible. The pontoon boats will, in ordinary weather, glide so smoothly and with such uniformity through the water that the passengers will feel scarcely any sea motion, and the speed attainable is confidently estimated at from twenty to twenty-five miles per hour. The computed cost of the works necessary at either port for the embarkation and landing of the trains and the shelter of passengers and goods will be about three million five hundred thousand dollars, while the vessels themselves will cost about six hundred thousand dollars.

This enterprise receives great encouragement from the fact that several of the leading capitalists of Northern France, among whom is Baron Anthony Rothschild, president of the Northern French Railway, are urging the imperial government to construct all the needed works at Andrecelles. Those at Dover are promised by various private parties, and will be put up very rapidly. This weighty enterprise, which is far more of an international than a local character, and which directly interests the governments of the two greatest trading nations of Northern Europe, will render passenger traffic far more easy and agreeable than it is at present, while obviously facilitating the transmission of the mails and of freight immensely. At the same time it will become another bond of good understanding and peace.

INFORMATION FOR THE PEOPLE.

The following table contains some statistics in which the American people are deeply interested. Let them be carefully preserved:

	Acres
Total area of the public land States and Territories	1,935,000,000
Disposed of up to June 30, 1869, including 182 000,000 acres granted to railroads	599,000,000
Remaining June 30, 1869	1,236 000,000
Alaska	369 000 000
Other waste land	241,000,000
Total waste land in Alaska, Rocky mountains, &c.	610 000,000
Area available for settlement and cultivation remaining in possession of the Government June 30, 1869	626,000 000

These above figures are taken from the lecture delivered by Mr. E. T. Peters before the Preemptor's Union in April last, and are based upon a careful examination of the official records. The additional grant to the Northern Pacific railroad and other land-grant bills passed during the present session of Congress give away millions of acres more of the public domain, and the quantity asked for in bills now pending is estimated as high as 400,000,000 acres, which would leave scarcely 200,000,000 acres in the possession of the Government.

In this connection Mr. Peters called attention to the fact that the commonly received estimate of our population in the year A. D. 1900 is 107,000,000, and showed that while we have disposed of 599,000,000 acres since the beginning of the present century coincidently with an increase of only 35,000,000 in our population, there remain less than 28,000,000 acres more, or a total of 626,000,000 acres of available land to supply the increase of 85,000,000 souls which our population is to receive during the next thirty years, to say nothing of the future.

WALTHAM

WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, as those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which servere testing by the most skillful artizans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Forge's Patent pinion as being the best and fastiliest.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co., - - - Waltham, Mass.
AMS Watch Co. - - - - Waltham, Mass.
American Watch Co.,
Crescent St., - - - - Waltham, Mass.

THE WORK BEGUN.

Just before going to press, we received the following telegram from Hillsboro. The work is begun, and no man can lie down at night with any reasonable assurance that he will not be under military arrest before morning.

"HILLSBOROUGH, July 15th.

James E. Boyd, candidate for the Legislature in Alamance, and James S. Scott, a respectable merchant of Graham, have been arrested by Kirk and his men."

This but confirms what we have before said that it is determined to supercede the civil by the military power. We have no time for further comment to day.

SIGNS OF THE TIMES.

It would astonish our Radical opponents, we mean the leaders, could they see and know the contents of numerous letters we are receiving from all parts of the State in regard to the declensions from the Radical ranks. Many who have become disgusted, come square out and renounce all connection with the party, while others, still claiming to be Republicans, declare they cannot and will not support the Governor in his military movements and other acts of his administration.

The following are extracts from letters received this morning, and are samples of what we are receiving every day:

"Send your Weekly to ——— at ——— post office. I have hitherto acted with the Republican party, and formed the first Union League in ——— county, and have been a strong party man, but I cannot support Gov. Holden's administration any longer. Kirk and his militia are the last straws that break the camel's back." He says he was a soldier under Col. Kirk and regards him "as the worst man he ever knew."

Another correspondent making a remittance and ordering our paper says: "Keep the times alive till August. I have heretofore acted with the Republicans, but I can't stand Holden's war policy and arbitrary arrests."

A letter from Lexington says, "the Radical candidates in this county for the Legislature have been made to repudiate Holden and his administration, on the stump."

A correspondent from Randolph says, "send thy paper (the weekly) to my son ———, at this office." " " I am glad to see those opposing the unnecessary war movements in the State."

A letter from Johnston says, "Cook, the Radical candidate for the Senate, condemns Holden's course most emphatically, and says that Republicanism in North Carolina is very different from Republicanism elsewhere. He declares the military movement unnecessary, wrong and wicked."

As we have said, these are but samples of letters we are daily receiving, and are a good indication of what the tone of the public mind is in regard to Holden's talk ministration generally, and his Kirk-militia ry in particular, while the changes the other way consist of only an occasional hungry office seeker, here and there, who know their chance for office bad at best, and therefore become mourners, profe a conversion and join the Radical church as the last hope.

In Davidson county the Conservatives have nominated F. C. Robbins for the Senate, and Jacob Clinard and G. H. Lee for the House of Representatives.

The Presbyterians of Tarboro' are about to erect a handsome Church.

ASTOUNDING DEVELOPEMENTS.

HOW THE PRESIDENT HAS BEEN MISLED TO SUSTAIN HOLDEN'S SCHEMES.

At the close of the late General Assembly, the conviction was general among the Radicals of this State, that the doom of the Radical party was sealed. Holden felt it and trembled, but was, by no means disposed to give it up without a desperate struggle. His wits and those of his abettors were put to their utmost effort to devise some scheme by which the Democrats could be foiled. It was soon determined that the only effective way was to control the August elections by the force of the bayonet; but to do this successfully, the support of the President must be had, and how to secure his aid was the question.

The plan was initiated by first securing the death of Mr. Stephens, the late Senator from Caswell. Every one knows the mystery thrown over that affair,—a mystery which a Coroner's jury, after several days careful investigation, failed to disclose.—The facts brought out, however, tended to convince every honest man, that his death must have been effected by the agency of the Union Leaguers,—the negroes about Yanceyville.

About this time, Judge Settle, of our Supreme Court, on his way to West Point, as a visitor, passed through Washington City and called on President Grant. The recent death of Stephens furnished him a text upon which to expatiate upon the outrages of the Ku Klux upon innocent loyal men and women. All the crimes occurring in the State were charged upon the rebels, the Ku Klux. This aroused the President and a remark dropped from him which satisfied Settle, he had hit the nail on the head. It was this: The President wanted to know why Gov. Holden had not put himself at the head of an armed force and gone to the counties where the outrages were committed, and suppressed them—that he (Grant) had examined the Constitution and laws of North Carolina and that they gave Holden ample powers to raise an armed force to suppress these disorders, and if the attempt produced insurrection he, the President, would aid him by all the force of the United States. This was what Judge Settle wanted. He readily communicated with John Pool and Gen. Abbott, who saw the game at once. They hastened to Raleigh and the scheme for the military defeat and subjugation of the Democrats and Conservatives of North Carolina, was devised.

But lest the real objects of Holden and his abettors should be discovered by the President, and the scheme should fail, it was resolved to make it doubly sure by laying before him statements brim full of falsehood and malice, to confirm the President in the idea, that *all the atrocious crimes in North Carolina, had been committed by the Ku Klux, represented to be the still rebellious Confederate soldiers, against loyal men and women, for no other cause but their loyalty!*

This is no fancy picture. We have evidence to support it. It has been represented to President Grant *that fourteen hundred outrages—murders, rapes, robberies, house burnings, castrations and other unheard of crimes, have been committed in the last ten months in this State, by Ku Klux, upon loyal men and women!* That the perpetrators of these crimes had not been arrested and could not be by civil process, because of the dread of the Ku Klux. Hear it, people of North Carolina! These are the means employed, we are told,—the most glaring falsehoods ever known, to excite and embitter the mind of the President against the masses of our white people.

It is said, that Judge Tourgee has furnished a record which has been sent to the President, of 600 outrages of the most diabolical and wicked character, committed by Ku Klux in his judicial circuit in the last ten months, upon innocent loyal men and women, and that the civil power was impotent to enforce the law against them. Remembering Tourgee's Philadelphia speech soon after the war, in which he said that fifteen dead negroes had been taken out of one mill pond, killed by the whites, it is not difficult to believe that he would make such a statement.

More than this: It is alleged and believed in Washington City, that Gen. Forrest of Tenn., a month before the death of Stephens, had held a council of Ku Klux, at Leesburg, composed of 40 or 50 respectable citizens of Caswell Co., and that at that council the death of Stephens was decreed. It is also stated that Hon. B. H. Hill of Ga., recently held a council of Ku Klux at Durhams, in Orange Co., in this State, at which the most horrid decrees were passed against the loyal people. Is it worth while to say that these are lies from the whole cloth? Certain it is that neither Forrest nor Hill have been for the State for years.

It is further stated, that the Radicals assert that there is proof that about ninety of the citizens of Caswell were accessory to the death of Stephens. These falsehoods are talked of as matters of fact among members of Congress and the Radicals of Washington and believed. The arrest of prominent citizens as countenancing these crimes has been talked of, and that men are to be arrested on suspicion and shot or hung as they may determine. They declare that nothing but blood can atone for these crimes and that blood shall be spilled freely. The object is to excite our people to resistance, and then the President will suspend *habeas corpus*, and then arrest and hang whoever Holden and his minions may desire. Hence Kirk has been employed in this work.

The charges made by the Radicals against the good people of North Carolina, are infamously false and can be so proven by undoubted evidence. Republicans themselves disbelieve and disown all confidence in these statements. Every honest man in the State, knows they are false, infamously false in many particulars.

North Carolinians! Such things are almost too much to bear patiently. Yet we counsel you to quit yourselves like men. Be calm. Keep the laws. Do your duty and vote, VOTE, VOTE!

But more—these lies must be contradicted. It will not do longer to rest under the suspicion that any county in the State is in insurrection. The world must know, and the North must know, that in a time of peace, a strong military force is being used to intimidate our people to prevent a free election. At a time like this our people do not object to U. S. troops being quartered among us. Our people would prefer ten regiments of U. S. troops to one of Holden's and Kirk's militia. U. S. troops are commanded by gentlemen who respect the laws and will do their duty. For otherwise is it, with the minions of Holden.

We urge our people in every County in the State at once, to get up authentic facts in reference to the crimes said to have been committed in the State and forward them to us. Give particulars and facts which can be proven. Let every man who has a friend at the North write to him correcting these falsehoods. Let our people write to the Northern press, giving the truth in these matters. Let petitions go up to the President properly correcting these falsehoods. There are honest Republicans who know all about these matters. Will they not correct them? Nail these base falsehoods to the counter and let the truth be published to the world.

STOCKHOLDERS' MEETING.

Yesterday we attended the annual meeting of the Stockholders of the North Carolina Railroad Company. The Treasurer's report shows clearly the cheat which was attempted to be practiced on the corporation by the President and Directors in clandestinely leasing the Road for twenty years to the Raleigh and Gaston Road for the pitiful sum of $240,000, when the nett profits for this year are nearly double that amount.

The present fiscal year, ending May 31, 1870, shows receipts from all sources,	$720,302 49
Total expenses of operating the Road,	259,128 31
Leaving as nett profits,	461,174 18.

We went in at a late hour, Major John Graham had been chosen Chairman of the meeting and Messrs. Webb and Kirkland Secretaries. When we entered the meeting the Stockholders were discussing a resolution to authorize and allow the company to exercise and engage in Banking.

Messrs. Cameron and Graham opposed it. Messrs. Caldwell and Barringer favored it.

The editor of the SENTINEL took occasion to say that bankrupts should not be allowed to bank, nor men or corporations whose property was under mortgage for the payment of debts. It was through Railroad corporations that the State had been robbed, and its credit and fair fame destroyed. Most of the rail roads through these officials had been engaged in plundering the people and the Treasury.

We congratulated the Stockholders upon the non-appearance of carpet baggers; there was not a carpet bag face to be seen in the meeting; nor should one appear here without being told plainly the estimate which honest natives place upon him. Former meetings of this company had been disturbed by the arrogant assumption of a drunken carpet bag scoundrel named Ladin, who had no interest either in the corporation or the State.

Dr. Sloan said he was President of a Railroad, and he demanded to know what corruption could be imputed to its management.

Mr. Turner asked if George W. Swepson did not pay him, as a bribe, of $20,000.

The Doctor said he had received no money, but he did receive $30,000 in bonds when Swepson offered him 40,000; but he took them to hold Swepson at disadvantage, but he had never used them.

The Doctor and the SENTINEL were discussing the bribery matter in a very cool and parliamentary manner, when a question of order was raised, and the Doctor silenced before he came to the cream of the argument. A resolution to pay the President $5,000 waked up an interesting discussion between Gen. Barringer and the State proxy, Mr. Richard Badger, in which our old friend, Frank Caldwell, let drop a word or two. Mr. Caldwell concluded the debate by saying it was only giving President Smith $1,500 to be spent in the election. He had said he would spend $25,000 to secure his election.

Mr. Badger said, such remarks were uncalled for, and discourteous. Mr. Caldwell said he had put his labor and his money in this corporation, and he would not sit in silence and see it squandered, nor would he be taught propriety of speech from the little dilsappers and latter day saints in Radicalism. After voting the President $5,000 the meeting adjourned.

We only give the discussions, and rely upon the secretaries of the meeting for particulars.

Col. Peter Mallett was present and upon invitation from the meeting, made a short but handsome speech upon the new line of steamers, to run from Norfolk to New York. The Colonel showed clearly the great advantage this line would be to the merchants, farmers and producers of the State.

HOW THE YANKEES TREAT THE NEGRO.

Down here in the South, where the carpet-bag yankee and native scalawag need the negro's vote to get into office they pretend great things to him, but the negro and the yankee sometimes come in contact under circumstances in which the yankee don't want his vote—then see how he treats him!

Recently a colored boy from the South was appointed to a Cadetship at West Point, notwithstanding every effort was made to reject him. But he got through, and the following letter written by him to his parents, shows what a time he is having among his companions, the young yankees at West Point:

WEST POINT, N. Y., June 26, 1870.

Your kind letter should have been answered long ere this, but really I have been so harassed with examination and the insults and ill-treatment of these cadets that I could not write or do any thing else scarcely. I passed examination all right and got in, but my companion, Howard, failed and was rejected. Since he went away I have been lonely indeed, now these fellows appear to be trying their utmost to drive me off, and I fear they will succeed if they continue as they began. We went into camp yesterday, and not a moment has passed since then but some one of them has been cursing and abusing me. All night they were around my tent cursing and swearing so that I did not sleep two hours all night.

It is just the same at table, and what I get to eat I must snatch for like a dog. I don't wish to resign if I can get along at all; but I don't think it will be best for me to stay, and take all the abuses and insults that are heaped upon me. The examination was very hard this year—harder than ever before—and since I have been successful in getting in I will stay as long as I possibly can. One of the cadets refused to drill the squad because I was in it, and they reduced him from a corporal to a private for disobedience of orders, and they are all mad about that. The one who drills the squad now is the meanest specimen of humanity I ever saw. After marching us out to the drill ground this morning he said to me, "stand off one side from the line you d—d black son of a b—h. You are too near that white man. I want you to remember that you are not on an equal footing with the white men in your class, and what you learn here you will have to pick up, for I won't teach you a d—d thing." And thus he kept me standing until the Captain came around inspecting, when he pretended he put me there to teach me a movement which I had never practiced before. And I could say nothing at all, or I would have been locked up for disobedience of orders or disrespect, to "superior officers." If it ever happens again I shall deny it to his face, and resign.

If I complain of their conduct to the commandant I must prove the charges or nothing can be done; and where am I to find one from so many to testify in my behalf! If this afternoon's drill is conducted as this morning's was, you need not be astonished to hear that I have resigned. I have borne insult upon insult until I am completely worn out. I have written a plenty of this news for you, but alas! it seems to be getting worse and worse. I forgot to tell you that out of ninety-one appointees five failed physically, forty seven failed mentally, leaving thirty nine admitted. They had prepared it to fix the colored candidates, but it proved most disastrous to the whites.

J. W. SMITH.

A correspondent of the Greensboro' *Patriot*, writing from Jonesboro, East Tennessee, speaks of Holden's friend, the infamous Kirk, thusly:

The notorious Kirk, (people here don't honor him with the title "Colonel,") has been living here; but as you are already aware, Holden has transferred him to North Carolina to resume his old practices, and to again become a terror to our mountain counties. In North Carolina we did not have a proper idea of Kirk. We gave him credit for being bold and a man of some force of character. But here in Jonesboro' he is looked upon as a low-lived coward, a mean wretch unworthy of any respect. At an election here last April a citizen gave him a stroke in the face, or to use the vulgar phrase, "slapped his jaws," but Kirk was too cowardly to resent, and all the citizens seemed pleased to hear of the bandit's castigation. He is a *thin*, sallow bad looking man, dresses negligently and has on generally an old Yankee uniform.—He has rather a haggard look. He has been studying law under his brother-in-law, a Northerner; but the teacher followed his pupil to North Carolina to get a captain's commission. Most of the worthless, vagabond men and boys in this neighborhood have followed Kirk to North Carolina to enlist."

Voters of North Carolina what do you say to this scoundrel, followed by his horde of Tennessee rogues and cut throats, coming to your State to lord it over you!

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates by most considerably lower than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on all the plans of *Mutual* or Stock Companies, extending to policy holders, all the really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, and a privilege which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to Stock rates alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State, who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines *all the popular features* of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue, because of the death of those for whose benefit the policy was secured, *into an Annuity Bond* which provides an income in cash *through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, and by other circulars, will be cheerfully furnished.

The most liberal arrangements will be made with first class solicitors, to push the EXCELSIOR forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

Send in your orders for tickets. There is no time to lose. Let every county, where there is no local printing office convenient, make out a full, fair list of their candidates, and send them to us, we will print them on reasonable terms.

This ought to be attended to at once, otherwise inconvenience and loss of votes will be the result.

RALEIGH TOWNSHIP MEETING.

There will be a meeting of the Conservatives of Raleigh township, at the Court House, on Friday night, for the purpose of making nominations for the various township officers. Come one, come all; let us put forth our candidates and give our opponents a square fight on the first Thursday in August.

SPEAKING AT DURHAMS.

We are requested to announce that Hons S. H. Rogers and R. B. Gilliam, the Conservative candidates for Congress for this District, will address the citizens of Orange, at Durhams, on Saturday the 16th of July next. Everybody is invited to attend.

ATTENTION CONSERVATIVES AND DEMOCRATS.

Messrs. R. H. Jones and G. H. Alford, two of the recent nominees for the House of Representatives on the Conservative Democratic ticket, and Messrs. W. R. REGISTER! REGISTER!!

Let every candidate in the county tell the voters that they must *all* register.

Let every man tell his neighbor that he must register, in order to vote.

Let every voter in every county in the State register.

Don't mind what any body says, but register, and then vote the Conservative ticket.

DETAINED AT HOME.—The editor left here yesterday morning by the special train, to attend the Stockholders' meeting at Hillsboro', expecting to return last night; but he is detained at home to give protection and quiet to his family.

On Wednesday night a gun was fired at Mrs. Turner, so near as to burn her face severely with the powder. She was leaning over a table to reach a bowl, and as she raised her head the assassin fired, the ball barely missing her head and the powder burning her face and eyes. We forbear comment on this affair, but simply ask, how long are such outrages to be tolerated?

At a discussion recently at Hookerton, Greene county, between Capt. Swift Galloway, the Conservative candidate for the Senate in that district, and C. H. Brogden, the Republican candidate, the later was expatiating in the most approved spread eagle style in regard to his loyalty. He swore he had never drawn a disloyal breath; he had never borne arms against the United States and had never wished or sought any place that would have put him in hostility to the government, &c.

When Brogden concluded, Capt. Galloway in his reply charged him with electioneering hard and long at the commencement of the war for a colonelcy of one of the regiments of State troops. Brogden started to his feet in a seeming towering passion, bitterly *denied* the charge; he branded it as a diabolical Ku Klux aspersion of his character, &c. Capt. G. then coolly proceeded to *prove* by both *witnesses* and documents the *truth* of his charge. Old Curtis couldn't say a word, and after a few convulsive gasps and some unintelligible and incoherent words, bowed his head in shame.

In view of the outrageous disorder and rowdyism which has characterized every Republican political meeting that has been held in Wilmington, the *Journal* suggests that the city authorities employ a special police of 100 men to preserve order at future Radical meetings during the rest of the campaign.

On last Sunday afternoon when a crowd of colored men and boys were bathing at the Steamboat landing, in Tarboro, a little boy named Hyman Weston, about 8 years of age, jumped in the river and being unable to swim was drowned. Strange to relate not a single one in the crowd made an effort to save the little fellow when it could, beyond all doubt, have been done with very little exertion.

A young man named James Quinn, a native of Ireland, living in Wilmington has suddenly and mysteriously disappeared. He was last seen on Monday night in a boat near the foot of Dock Street, the same boat was found next morning under the paddle boxes of the steamer "Cuba." As the young man was known to be intoxicated at the time it is supposed he has served as a banquet for the fishes.

A considerable flare
And expenditure of cash,
To get up a scare,
And astonish the natives of Nash.
The *Standard* establishment
To a perambulation,
Seeking a new rout through Nash
To the capitol of the nation."

Yesterday afternoon our citizens were startled from their serene propriety by martial strains of music from the Raleigh Brass band, and some looked out to see if "picayune Butler was coming to town."

Investigation proved the excitement to proceed from an expedition starting to Nash county, by "Hon." James Harris and staff, on a speech making excursion.

The procession formed in front of the *Standard* office, moving thence through Fayetteville and Newbern streets to the suburbs and on toward their destination.

The cavalcade moved in the following order:

First, an ambulance drawn by two horses, containing the Band, with the big drum sticking out behind; the band tooting as they moved forward.

Next, a smaller ambulance, also drawn by two horses, in which were the "refreshments" under charge of Renfrow and a colored "man and brother."

Then came "Hon." James in a buggy with Mr. Henry M. Miller, Local editor of *Standard*, by his side, Harris looking from side to side to see the effect of his turn out on the commonalty, and Henry intently watching the movements of an erratic fly on the spatter-board.

Next came "my son Joe," editor of the *Standard*, on horse-back, bringing up the rear.

The whole procession was pike-shaped, the point being behind.

Some one observed that the point would have been more attenuated if the Governor had followed on foot, but this, of course, was only a wicked fancy of his.

The pageant was, no doubt, expensive, and if Jim keeps it up throughout the campaign it will cost a good deal of money.—But Radical office holders can afford these luxuries, if we but remember the heavy taxes the people are paying to support them. Besides, the "Hon." James recently sold, it is said, a $4,000 note on Swepson for $2,000 cash, and it is further said he collected a "right smart pile" in his trip North, some two or three years ago. If these things be true, of course he can afford to "damn the expense."

Don't forget the Conservative Township meeting at the Court House to night.

HARD ON RICHARD.—Our friend and neighbor, whom some mischievous wag has dubbed with a sick name that we will not now *turn round* to repeat, has just returned from a speechifying tour in some of the Western counties. He was in Forsyth with *Gen.* Scott, and made a speech, on which occasion the Winston *Sentinel* makes the following notes:

Dick Badger, one of Gen. Scott's body guard, who accompanied the General to this place and made a speech on Wednesday, the 6th inst., said that the soldiers in the army *learned to steal* by taking provisions, and other things, and had not *forgotten* how, after they come home. Everybody forms their estimate of men and things from their own standpoint, and we are not surprised at Dick Badger's estimate of the honesty of Confederate soldiers, as he himself was a Quarter Master in the army, and knows what tricks he learned while in that position, and he also knows whether he has forgotten them or not.

But we will say that it is an insult to the people of this Congressional District for any man to go over the District soliciting their suffrages who carries a man around with him who utters such lying and vile slander against a large body of the best men of the country.

For the Sentinel.

RALEIGH, July 15, 1870.

Editor of the Sentinel:

As rumors are afloat that I intend to withdraw from the campaign, I deem it proper to announce the fact through your paper that I have not nor will withdraw, I shall canvass the district as may be announced, and speak at such other places as I may find it convenient.

It our friends act harmoniously and with energy, as I doubt not they will, we will carry the district by a handsome majority. The public welfare requires that every man who loves his country shall do his full duty.

I received a note some days ago from the Republican candidate for the 42d Congress proposing to canvass together and divide time. Following the precedent made by the Republican candidate in the last Congress, (Mr. Dewess,) who refused, under the advice (as I was informed) of the Republican Executive Committee, to divide time with me, I decline the proposition.

Respectfully,

SION H. ROGERS.

LEAGUE OUTRAGE.—Some one, supposed to be negroes, went to the stable of Mr. Tyree Glenn, of Yadkin county, on last Friday night and cut the throat of one mule, and the tongue out of another. Mr. Glenn is an outspoken Conservative, and had a difficulty a short time ago with some members of the League, and it is very probable that they took this cowardly mode to gratify their spite.

At Morehead City, last Friday, a negro man named Hargett, shot and killed another negro by the name of Fisher. The difficulty originated in some jealousy about the wife of one of them. Both parties were said to be "Ministers of the Gospel."

On Monday last the body of a man was found hanging to a tree in the woods near Union Cross, Forsyth county.

The verdict of the jury of inquest was that he came to his death by hanging himself. His name was ascertained to be Wm. Carter, and was partially deranged.

That Judicial clown, E. I. Cantwell, who holds sway over the special Court of the unfortunate city of Wilmington, on Tuesday last, fined a man $26 for playing dominoes for "drinks."

MR. BOYLE, CLERK &c.—We don't want your "report" of Gen. Howard's statement bad enough to pay for it. Send stamp and it will be returned, if you have any use for it.

The I. O. O. F. of Tarboro' have decided to give, shortly, a grand excursion to Morehead City and Beaufort.

READ AND PONDER.

I never read a dozen pages of medicine in all my life, and of course know nothing about it. But, as I said before, Dr. Hammond is my authority for saying, that any man who smokes such good Cigars, or chews such good Tobacco, as you can find only at PINCK C. HARDIE'S, need have no fear of destroying health. But will, on the contrary, improve in health and increase in flesh so long as he continues to use them.
Indeed the authority of such distinguished Physicians as Dr. Hammond is not needed to convince you that I only assert what can be substantiated, by contrasting our esteemed fellow citizens, Jno. C. Palmer and Jas. M. Towles, "who never smoke," with such men as my friends Creech on the corner, Maj. Tucker just opposite, Harvey Moore, of the SENTINEL, and Simon Hayes, the Livery Stable man, and a host of others I could name, who use my Cigars and Tobacco.
Suffer a word of exhortation; come and see me. Try my goods, and if I don't suit you go further and fare worse.

Thursday Night Dispatches.

WASHINGTON.

WASHINGTON, July 14.—Ex Confederate Major General B. F. Butler, of South Carolina has been relieved of his disabilities by a special bill. He is the candidate for Lieutenant-Governor on the Reform Ticket.
Revenue to-day nearly $1,000,000.
An ineffectual effort was made to get up the New York Air Line Railroad bill.
The omnibus disability bill is regarded as hopelessly gone for this session. Half a dozen persons particularly needed for political purposes, may be relieved.
Twenty-five grant bills are on the Speaker's table where they will lay until next session.
The best opinion is that nothing will be done about Georgia.
Mrs. Lincoln's pension of $3,000 per year passed the Senate and goes to the President.
An effort to get up the general amnesty bill in the House was lost by a vote of 96 to 101.
SENATE.—The bill creating Houston a port of delivery passed.
Both Houses are in session to-night.
The President sent a message to the Senate congratulating the country that the representation of this Government had secured an ameliorating modification in the Spanish Cortes in regard to the Cuban emancipation.
HOUSE.—A Committee of Conference was ordered on the deficiency appropriation bill.
The bill requiring liquidating National Banks to retire their notes passed.
The bill relieving the disabilities of George H Burr passed.
The bill giving the President five millions of dollars for incidental purposes, passed.

TENNESSEE.

NASHVILLE, July 14.—The Northern bound train on the Nashville and Decatur Railroad, broke through the bridge near Nashville yesterday, and fell into the stream. Ten passengers amongst whom were several ladies, were more or less hurt; some seriously.
MEMPHIS, July 14.—Crop reports from north Alabama and Arkansas are universally favorable. The corn and cotton crops are both remarkably good.
In west Tennessee the cotton has been seriously injured by vermin.

MISSOURI.

ST. LOUIS, July 14.—On Tuesday last a negro ravished a white girl. The citizens took him from jail and hung him. Yesterday another negro grossly insulted Mrs. Crawford, living 6 miles from Sedalia, during her husband's absence. Mr. Crawford with a blood hound is now on his trail.

CANADA.

TORONTO, July 14.—The Grand Lodge of Free Masons assembled. The Order is wonderfully prosperous.

VIRGINIA.

The evening papers announce the successful landing of another Cuban expedition.

FOREIGN.

BERLIN, July 14.—The disposition of the people of Prussia seems to be calm, but serious and resolute to fight for their national honor.
National journals regard the situation as very disquieting.
The *Borsen Zeitung* says: "War is sure, because France wants it."
The *Borsen Courier* says: "The French preparations are a direct insult to Prussia and King William, and war is inevitable."
PARIS, July 14.—The *Constitutionel*, the ministerial organ, denies the reported disagreements among the ministers and states further, that no minister has tendered his resignation.
The journals to-day give the details of the military preparations which will continue.
Last night from 500 to 600 students made a demonstration on the streets while returning from a public ball. They shouted "*Vive La France* down with Prussia," and sang the marseillaise without interruption from the police.

Friday Evening Dispatches.

WASHINGTON.

WASHINGTON, July 15.—The Georgia bill goes to the President. Its bearings are not understood, though Trumbull, when voting for the bill, declared he did so because he understood that it made an election this Fall mandatory.
The announcement of war between Prussia and France in the House, by the Associated Press dispatches, was received with applause.
Congress was called in session to 2 o'clock.
The Senate is in executive session, fighting over Frelinghuysen's nomination to succeed Motley at the Court St. James.

FOREIGN.

LONDON, July 15.—Stocks and all securities are flat and nominal.
BRUSSELS, July 15.—The intervention of the Great Powers for peace has been ineffectual. Napoleon will announce to-day the rupture of relations between France and Prussia, and the declaration of war.

LATER.—The declaration of war has been announced in the Corps Legislatif.

There is great agitation here, many demonstrations in favor of the war were made by the people during the night. The crowd stopped at the Prussian Embassy and shouted insultingly.
It is asserted that the Prussian Ambassador leaves Paris to day.
Austria professes neutrality, unless a third Power intervenes.

DUNN'S PATENT COTTON TIE.

WE BEG TO ANNOUNCE that we have been appointed Sole Agents for the sale of the above Patent Tie in Virginia and North Carolina. The satisfaction it gave last season wherever used, warrants us in recommending it as the best tie yet introduced. It combines the advantages of great strength, great simplicity and ease in manipulation, besides the difficulty of taking up the slack of the band in the operation of baling, is entirely obviated.
We shall have our supply direct from the manufacturer in England, for delivery in July or August, at the lowest market rates.
Liberal terms to the trade.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and colorless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

SWEET QUININE

is made solely from Peruvian Bark (as is Bitter Quinine), therefore is of Vegetable Origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

Guaranteed to make a better and safer Light than Coal Oil and to be NON EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 9th 1865.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and unobjectionable to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe* and *brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

A. BALDING'S

PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP.

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 3 pump for yard wells will be sold at from $30 to $35, capable of throwing 30 gallons of water per minute. The price of No. 2 for railroad stations, throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. The number of feet in the depth of the well must be given in all cases

MR. J. L. KITCHIN:

DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

Gen'l. S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting features in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
